What makes this highly regarded and bestselling book stand out from other texts? - Its range, authority and theoretical integrity - Its clear and effective structure, which reflects major shifts in teaching and makes it easy to use across modules - The importance it lays on practice-based learning and on developing core practice skills such as communication, assessment and intervention - Its value as a springboard to further reading (including extensive guidance on further print and electronic sources) - Its compact size - perfect for readers who are travelling between campus and practice settings. This is one of three interrelated books edited by the internationally renowned and widely published team, Robert Adams, Lena Dominelli and Malcolm Payne.
