Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Principles, Rules and Definitions: For Bookkeeping This little book was prepared to place at the disposal of students of bookkeeping, and business people generally, the principles and rules needed to make intelligible the bookkeeping work. A set of books in any business should be planned for a purpose. Knowledge of the end sought is essential to a single-minded effort to attain that end. The business man views a set of books as so much machinery for the collection and classifying of the vital facts of his business, for his guidance. The accountant plans the books so as to meet the business mans requirements. It is hoped that reference to the following pages, during the students progress through the bookkeeping work, may enable him to take the attitude of the accountant, looking beyond the necessary details of entering, posting, and filing, to the general plan and purpose. From the accounting standpoint, all sets of books have a likeness in certain particulars. In other particulars there is dissimilarity. We shall begin by referring to the matters which...
