America Star Books, United States, 2007. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.I am a home school graduate, after which I attended college and earned degrees in humanities and social behavioral science. I also completed a correspondence course in writing childrens books. My love of writing and art create a way for me to express myself and my unique imagination. This book is a compilation of poems and ideas on many different subjects alone. It includes crazy rhymes about tacos and hyper days in such tales as aTaco Bluesa and aSugar Rusha to name a few. This book also allows one to look through the eyes of a cat and older people as a young adult thinks they see. Then what could be better than figuring out why you canat stop being hungry? Or whatas beyond oblivion? Ever wonder how the great thinkers, um, well, think? This is a book of fun and curious wonders about this earth, space, life, people, discoveries and faith. I believe this collection has something for everyone. I truly hope you enjoy a new look at this strange adventure called imagination.
