It s, above anything, a book that shows positive insights about life, while promoting a more unifying and healthy relation between individuals of both genders. The chapters here presented, describe how personal beliefs influence the future of a person and where do they come from. And it s based on the positive results that many women had in cleaning their mind from the lies that have contributed to nearly all of their misunderstandings about dating and men. Therefore, provides a new opportunity to understand personal past experiences and rebuild the future. It s based on these pragmatic principles that the content was organized in order to provide an experience that goes to the core of many aspects of life, and contributes to a...
