

Complete Handbook of Home Extensions

By -

IMM Lifestyle Books. Electronic book text. Book Condition: new. BRAND NEW, Complete Handbook of Home Extensions, Written by a qualified Building Control Officer with over thirty years' experience in the industry, the book talks you through the entire home-extension process from conception to decorating. It offers advice on substructure, superstructure, internal and external work, as well as site inspection, drainage and restrictive covenants. There is also a handy section on finance, insurance and warranty schemes. Common problems are helpfully identified, enabling you to begin building with confidence. Save time and stress by using the included standard specification for a single storey extension, new to this fourth edition.

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
