Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Melrose Books. Paperback. Book Condition: new. BRAND NEW, Variety is the Spice of Life, Dennis R. Davis, Life at sea was agreeable and I had no complaints except that in really rough weather I followed Nelson's example and was seasick. Fortunately after the first few voyages I avoided actually throwing up and just felt nauseous. Shore going was good fun and was spent mostly in bars - as sailors do. After a few drinks eyes were cast around to see if there were any pretty girls - the longer the trip, the more one looked and the girls needn't be quite so attractive! Parties on board were also good fun but that's where I made a huge error. In Auckland, New Zealand, a group of girls formed a club (Women Only) and made a point of getting themselves invited aboard vessels in the port. It quickly got named as "The Marriage Bureau." In fact that is what provided me with the worst two years of my life - a dalliance with one of the club whom I very foolishly dated and foolishly said I would marry her. When cold sober I quickly realised my error and felt the need to jump on a flight to the Canadian Arctic to escape! Thank heavens for Canada and its Arctic. I signed a two year contract, but at least I'd escaped the marriage bureau. That period proved too cold, naturally, very boring and extremely difficult to cope with the disgruntlement of the French Canadians who resented being told what to do by an Englishman. It was a great pleasure to return to England after the hell of Baffin Island.
