Date :2011-10-01 version 1. Ancient (legendary era of civilization). Introduction: China is the world's four ancient civilizations. Chinese civilization, also known as Chinese civilization, is the world's oldest civilizations, is one of the world's longest continuous civilization. Chinese civilization has a long history, has a long history of five thousand years. According to archaeological findings, about 6,000 years ago, the Central Plains region the transition from matriarchal society to a patrilineal society. Meanwhile, the original social equality system is broken. According to records, the Xia Dynasty has begun to hereditary kings. Zhou Dynasty established a comprehensive system of feudal society, but extended to the Eastern Zhou era, gradually disintegrated. Qin unified country, the establishment of a centralized system, since the Han Dynasty from attending places civilian political state, until 1911 Revolution led by Sun Yat-sen overthrew the Qing dynasty rule, but also the end of the continuation of 2,000 years of feudal monarchy, the establishment of the Republic of China, which is China's modern history's greatest events. Chinese civilization since the beginning...
